THE AGRICULTURAL RESEARCH COUNCIL (ARC) RECOGNISED AS A TOP EMPLOYER FOR THE THIRD CONSECUTIVE YEAR.

Pretoria: The Agricultural Research Council (ARC) is proud to announce that it has been awarded Top Employer certification for the third consecutive year. This recognition is a testament to ARC's commitment to creating a world-class working environment that promotes excellence, innovation, and employee well-being.

Top Employer certification is awarded annually by the Top Employer Institute, a global authority on recognising excellence in employee conditions of service. The certificate is based on a rigorous evaluation process that assesses Human Resource policies, procedures and employee experience.

President and CEO of ARC, Dr. Litha Magingxa, pointed out that this latest achievement is a testament to the organisation's commitment to creating a positive work environment, with a specific focus on the growth and development of its employees.

"We are thrilled to receive this prestigious recognition for the third consecutive year. This clearly showcases the organisation's dedication to creating a better world of work through excellent HR policies and people practices," Dr. Magingxa stated.

Tshililo Mabirimisa, Acting Executive: Corporate Support, echoed the CEO's sentiments and reiterated that this is a proud moment for the organisation.

"We are proud to be recognised as a Top Employer, and we will continue to strive for excellence in everything we do. Our employees are our greatest assets, and we are committed to creating a work environment that is inspiring and rewarding," Mabirimisa concluded.

The Top Employers Institute evaluates and certifies organisations based on their participation in the HR Best Practices Survey, covering six HR domains and 20 topics such as People Strategy, Work Environment, Talent Acquisition, Learning, Diversity, Equity & Inclusion, and Well-being. This recognition reflects ARC's ongoing efforts to improve its approach to people management and align itself with industry best practices.

The Top Employers Institute has globally certified and recognised 2,052 Top Employers across 121 countries/regions spanning five continents.
