

National Treasury RT3 Specifications for the ARC

The ARC is requesting National Treasury RT3-2018 Service Providers to provide a proposal/quote based on the ARC's Multi-Functional Unit (MFU's/Copiers) requirement. All MFU's in the ARC are currently on the National Treasury RT3 contract. Some of them are now researching end-of-term and needs replacement as soon as possible.

Detail requirements:

- Please find complete Annexure F1 (RT3-2018 Rental & Copy Analysis Questionnaire for Categories 1 to 3) for all MFU requirements in the ARC.
 - This can be downloaded from <http://www.arc.agric.za/Pages/Tenders/2020-MFU-Requirements.aspx>
- Provide proposal for all MFU's but divide it into the departments as per file structure of downloaded annexures.
- Not all MFU's have reached end-of-term yet, and will only be replaced when unit reaches end-of-term of current contract.
- ARC requires 3-5 models/configurations to accommodate all MFU needs in the ARC.
- ARC also requires one MFU make as a standard to ensure seamless integration into its current ICT environment for secure printing, scanning and back office work.
- Service Provider must be able to supply and support the equipment at all ARC offices nationwide.

For any clarity, please feel free to contact Mr. D Nel, Neld@arc.agric.za or (012) 4279731 / (083) 2533282

Proposal must be submitted by **27 July 2020 @11am.**
